Dear Residents,

Please do not leave any food or edibles in the common areas both inside and outside of our building, including the garden area, in front of the building, the parking lots and areas around the Swansea Town Hall.

We do not want to attract vermin, rodents or other wild animals or pests. Also, some edibles can present a potentially fatal risk to adults and children with severe allergies.

Thank you for your understanding and co-operation.

Thank you for your co-operation,
Board of Directors,
Swansea Town Hall Residences
